## Yo-Yo Retractable Card Reels

Retractable badge reels are attractive and convenient for displaying all types of ID and access control badges. They are popular for both work and recreational use, and are ideal where the card needs to be 'swiped' through a reader. They are available in different styles as follows; style 1 loop/loop, style 2 clip/loop, style 3 loop/loop clip.

## Codelock Keypads

The range of slimline codelocks is designed for installations where space is limited. The body of the codelock is manufactured using die cast aluminium, which encases a vandal-resistant type keypad, making the codelock very resilient to misuse. All models are surface mounted and come in either a nickel or gold finish.

VIDEX

- Kit includes keypad, controller and power supply
- Lock output from controller not keypad
- Architrave mounting
- No electronics in the keypad; all housed in the controller on the secure side of the door
