80V	419-187	

## Fume Extraction Systems

### Fume Extraction Kit – Arm Evac 200

- Reduces health risks
- Compact and self contained
- Efficient 3 stage filter
- Easy filter access
- Includes pre filter and general purpose HEPA/GAS filter
- Heavy duty brushless motor
- High volume air flow
- Expansion kit for upgrade to two workstations available
- Supplied with both UK and European mains leads

#### Contents (kit)

- Arm Evac 200 Fume Extraction Unit
- 75mm Flex arm with fume scoop
- Flex Arm bench mounting bracket
- 2.5m flexible hose

#### Expansion Kit

- 75mm flex arm with fume scoop
- Flex Arm bench mounting bracket
- 2.5m flexible hose

Dimensions (W D H)	280 330 395mm
Weight	14kg
Sound Level	59 dBA @ 2m (6')
