

DURACELL®

Rechargeable

Instant USB Charger

BENEFITS

- Sleek and lightweight
- Provides full charge to mobile phones
- Power for all of your devices when you need it

FEATURES

Internal Lithium-ion battery; 1150 mAh

- High energy density
 - On / off switch for low self discharge
- Bi-Color charge status LED indicator
- Green = Power On
 - Red = Low Battery
- LED charging indicator
- Red = Charging

Charging of USB enabled devices

- Mini USB cable included
 - Charger can be charged while in use
- Charges Apple devices
- Apple cable required

Recommended charging via USB 2.0 output

SAFETY

Battery protection circuit

- Over voltage and under voltage
- Output overload protection

TECHNICAL

Plug	USB and Mini USB Cable
Battery Type	Lithium-ion; 3.7V / 1150 mAh
Battery Fit	2 or 4 NiMH AA/HR6 / 2 or 4 NiMH AAA/HR03
Product Weight	42 grams
Input	USB 5V/0.5A
Output	USB 5V/0.5A or as required by device
Operating Temperature	5 °C - 40 °C
Product Dimensions	82 mm (L) x 58 mm (W) x 20 mm (H)

*Charge rate and time is dependent on cell capacity, discharge state, and operating temperature.
